SAFETY DAY CONFERENCE OVERVIEW

PA Safety Day conferences offer an opportunity to form business relationships with executives from key stakeholders’ groups including Pennsylvania 811 members – the professionals responsible for reducing damage to underground facilities.

The conferences provide a forum for Pennsylvania stakeholders and local excavation professionals to exchange information, promote protection of critical underground infrastructure, and to learn about safe digging practices from professionals.

ATTENDEES

Stakeholder groups include excavators, designers, public utilities, facility owners, project owners, municipal leaders, sewer and water authorities, public officials, emergency responders, damage prevention associates and other underground excavation professionals.

EARLY BIRD SPECIAL

All conferences offer **discounted rates through April 5, 2024**. You can register and learn more about the events online at www.pa1call.org/SafetyDay

Promote Safety - KEYNOTE SPEAKER SPONSORSHIP OPPORTUNITY

We are pleased to announce Eric Giguere as our Keynote Speaker for each 2024 PA Safety Day conferences. Eric is a renowned national speaker who shares his inspiring story of surviving being buried alive in a preventable workplace accident and how his life changed forever.

THE BURIED TRUTH

In 2002, I was an average working-class guy with the attitude “accidents happen, *but* not to me.” Today, I am lucky to be alive.

At 27 years old, I took a chance and it nearly took away my life. Trust me when I say I can relate to every worker in the audience, because I know what you do on a worksite, what you don't do and how you take risks every day without thinking about it.

My message is plain and quite serious, “It *can* happen to you.”
