

2023 PA Safety Days

Call for Presentations

Pennsylvania One Call System, Inc. dba Pennsylvania 811 has issued a “Call for Presentations” for its five conferences across the state of Pennsylvania in 2023. Pennsylvania 811 is soliciting program topics in the following and related subject matter:

- Industry related safety case studies
- Subsurface Utility Engineering
- Excavator Safety
- HDD safety and issues
- Successful 811 outreach campaigns
- Testimonials for Coordinate PA
- Compliance
- New Technology
- Gas Distribution/Transmission News
- Documenting a Work Site
- Coordinating Committee objectives
- Underground Infrastructure News
- Complex Project Meeting Successes
- Best Practices

The number of abstracts you submit is not limited; however, we will select one to represent your company or organization. Presentations are in 45-minute blocks, which includes a question and answer period. If selected, your PowerPoint slide deck is required prior to the conferences. Speakers are responsible for all of their needs, including transportation, lodging and travel-related expenses.

Instructions

To submit your proposal, we recommend the following steps:

1. Select the conference or conferences you want to participate
2. Choose a session category or propose a new session
3. Provide your proposed session objectives and description
4. Give your contact information
5. Select one of the files types you will submit for consideration
6. Attach and email your proposal or proposals no later than **Tuesday, February 28, 2023.**

2023 PA Safety Days
