2027 PA Safety Days

SAFETY DAY CONFERENCE OVERVIEW

PA Safety Day conferences offer an opportunity to form business relationships with executives from key stakeholder groups including Pennsylvania 811 members – the professionals responsible for reducing damage to underground facilities.

The conferences provide a forum for Pennsylvania stakeholders and local excavation professionals to exchange information, promote protection of critical underground infrastructure, and learn about safe digging practices from professionals.

ATTENDEES

Stakeholder groups include excavators, designers, public utilities, facility owners, project owners, municipal leaders, sewer and water authorities, public officials, emergency responders, damage prevention associates and other underground excavation professionals.
